

## Child's Profile

**"Hello, my name is Maisie"**

**Maisie was born on 1st July 2017.**

**Maisie loves playing with her dolls and teddies and has a great imagination.**

**She is a happy little girl who is described as 'a chatterbox' by her carers.**

Maisie is described as a real character; she is starting to respond to the routine and boundaries put in place by her foster carers. She does not like to be told 'no' and can become overwhelmed in her frustration.

Maisie was removed from her birth family due to the high level of neglect and their chaotic lifestyle related to substance misuse. She is an independent little girl and likes to do things her own way, but does still need assistance when getting dressed and with self-care skills.

Maisie has no additional health needs, but she is a 'fussy eater' and tends to graze rather than eat full meals. Maisie sleeps well and is toilet trained.

**Family needed:** One or two parent family.

**Location:** Outside of local area due to potential risk of disruption from birth family.

**Contact:** Annual Letterbox for birth parents.

**Legal Status:** Placement Order granted January 2020
